Tutorial 01

05.07.19 (7th hour) – Basic tags, CSS   **Max Marks : 10**

1. Design a web page for the details similar to 'blog'. Design a home page that includes your personal details and photo along with the appropriate links to the 'resume', 'class time table' and 'end semester result page'. Use background color, Image, text formatting (bold, italic etc.,), different font color and font size to decorate the website. **(5)**

2. Design a web page to display the information regarding the various UG and PG programmes offered by our institute as an unordered list. Provide links to the programmes. The web page should have our institute's logo as background image which should appear multiple times. If the user clicks on any programme, it should navigate to the 1st semester curriculum of the programme which is available in another web page. The curriculum should be displayed in a table format. Apply suitable style sheet to the web pages. **(5)**

```html
<!-- Blog Details -->

<html>
<head>
        <style>
</style>
        <title>HOME PAGE</title>
        <link rel="icon" href="img/home.png">
        <style>
                body{
                        background: url(img/bgimg.jpg) no-repeat center fixed;
                        background-size: cover;
                }
                div {
                  border-radius: 30px;
                  background-color: #45A2B7;
                  padding: 20px;
                  width: 20%;
                  margin:0 auto;
                  margin-top: 20px;
                  background: rgba(10, 130, 200, 0.5);
                }
                p{
                        text-align: center;
                }
        </style>
</head>
<body><a href="../index.html"><button>Home</button></a>
        <center><img src="img/kec.png"/></center>
        <div>
        <p>
                <a href="Personal Details.html"><img src="img/resumeh.png" width="80px"
height="110px" /></a><br>
                <a href="Web.html"><img src="img/resulth.png" width="100px"
height="100px"></a><br>
                <a href="TimeTable.html"><img src="img/tth.png" width="110px" height="125px"></a>
        </p>
        </div>
        <br>
        <br>
        <br>
